

MEET US AT

„Connected Europe“

The world and Europe have been in lockdown since last year.

We believe this should not put an end to international and intercultural communication. This program is for everyone who wants to make friends from different countries, learn about the EU and is not afraid to take on new challenges.

A world of likeminded people is at your fingertips. You will get to know each other and learn what being a European means for each one of you. You will learn about the processes of the EU, will have the chance to listen to guest speakers and will take over the role of a member of the European parliament in a Parliament Simulation.

FOCUS

Culture

Environment

EU - Politics

Sustainable Development

Intercultural Learning

This program is supported by the Mercator Foundation.

STIFTUNG

Sunday, June 6	10 am to 1 pm 3 pm to 5 pm	Plenary meeting & Closing

PROGRAM DATES
May 21 to June 6, 2021

Why Digital Exchange Programs with AFS?

In their digital exchange programs, AFS is combining intercultural learning with topics from different fields. By merging these two areas, you will not only benefit from learning about your chosen topic but also by getting to know peers from other countries.

All our programs provide extensive intercultural learning opportunities actively to increase your Global Competence. Development of this “power skill” is critical for access to 21st century employment and ongoing education.

“Connected Europe” focuses on European legislative procedures and gives you the opportunity to be part of a model European Union. You will be assigned a faction and work closely with the other members on drafting amendments and defending them in the plenary according to your faction’s political orientation.

Throughout the process you will be supported by volunteers and have the opportunity to meet with experts from the field.
